To Rebuild Farmers' Milk Plant Bombed Last Wed'ay Night

The new \$25,000 receiving plant of the Burlington, Wisconsin, Co-operative Pure Milk Association, which was destroyed by fire Oct. 5, will be rebuilt immediately, is the decision of the Local Board of Directors who met in special session the following morning.

The plant, which opened only last September 21, was completely wrecked. All Burlington was shaken and windows in houses five and six blocks away were shattered.

The bombing was done by five masked gunmen following the kidnapping of the night watchman. Racine County and Burlington authorities began an inquiry to place responsibility on the crime. No direct motive could be determined.

According to the current issue of "Pure Milk," the official publication of the Pure Milk Association, this was the twelfth farmer-owned receiving plant to be opened in the Chicago milk shed, the first being organized in 1918 at Delavan, Wisconsin. These plants are all financed by producers and are controlled by their local board of directors.

Second Armistice Ball Planned by Merle Guild Post

Merle Guild Post No. 208 American Legion of Arlington Heights will hold its second Armistice ball Friday, Nov. 11, Armistice Night, at Rolling Green country club.

This is promised to be the largest affair of the coming season, and particularly because it has been announced that this will be the only dance sponsored by the local post, during the coming season.

Due to the outstanding success of last year's dance at Rolling Green country club it was decided to hold this dance at the same place.

As usual, a fruit punch will be served without charge and there will be no wardrobe charges of any kind.

Arrangements are now being made for one of the most popular dance orchestras in the Chicago district, which will be announced later.

House Breaker Makes Haul in Arlington Home

The home of Mr. and Mrs. M. H. Browne in Scarsdale, Arlington Heights, was broken into and robbed some time Monday between 10:15 a. m. and 5 p. m., when Mrs. Browne was out. The house was ransacked, and many small articles of value stolen and carried away, evidently using a black bag found in the house; an electric clock, many small articles of clothing, ring, diamond stick pin, revolver, etc. Mrs. Browne has been continually finding more things missing. No cash, which the thief was apparently searching for most, was in the house at the time. It appeared like an amateur job, as articles of value were overlooked.

The family dog had died about a week before, and Mrs. Browne thus felt all the more keenly the value of such protection.

Mistakes N. W. R'way For N. W. Highway

Along about 3:00 a. m. Sunday morning, a car was driven on the Chicago avenue, Palatine, opposite the Tibbits and Cameron lumber yards, were aroused from sound sleep by a strange noise, described as a broken gear in a coffee grinder.

However, investigation showed a new big Jordan automobile had been driven approximately two blocks down the railroad tracks before the driver, a Chicago man, decided that maybe after all, he was not cut out to be a railroad engineer. Making his nightly rounds, the steel-highway motorist was noticed by Officer Foltz, who immediately called a tow car, which placed the "Jordan" back on the pavement, before any approaching train made its appearance.

Miss Ivy Beetley, teacher last year in Arlington Heights High School, is now located at Pinckneyville, Ill. She is teaching Sophomore English and Public Speaking, and has charge of girls' physical training.

LOCAL COWBOYS COMPETE IN WORLD RODEO

From the hilly plains of Barrington, comes DeForest Jayne, a tough ride 'em, hard hit 'em cowboy, who feels right at home on the back of a high jumping stiff-legged bronco. From the Forest Train Ranch located at Park Ridge, comes Ray Doering, an old cow-hand who can shift his chew from left to right without the use of his finger, and at the same time say, "That thar 'hos is tough, but I guess as how I can ride 'em."

These men were just two of the one-hundred and thirty contesting cowboys and cowgirls that made it interesting for the spectators at the Second Annual World's Championship Rodeo, held at the Chicago Stadium last week.

Is Plum Grove Road A Through Street

Many tourists, as well as some of our local drivers, seem to be under the impression that Plum Grove road in Palatine, is a thru street, and all cars coming from other directions, should come to a halt when reaching the intersection. If this is so, why not place stop signs on all side streets, and eliminate all possible misunderstanding?

Last Sunday, a car going east on Wood street was hit by a car coming South on Plum Grove avenue. Now according to law, the car going east had the right-of-way, yet the driver of the other car swore up and down, that he was on a thru street. We will admit, however, that because of its great width, Plum Grove road has all the earmarks of a thru street, and something should be done about it. But what, that's the question.

VOTE STRAIGHT REPUBLICAN TICKET IS URGE

Three speakers at the Republican mass meeting Thursday, Oct. 6, at Shyne's ballroom, did not hesitate to call a spade a spade before an enthusiastic crowd of voters. County Commissioner William Busse promised that the meeting would be short and it was, but there was a lot of facts and sound logic given to the hearers during that time. The speakers were John Dempsey, candidate for Clerk of Appellate Court; Dr. Ross, candidate for coroner and Frank Foster, candidate for the legislature.

In introducing Mr. Dempsey, Mr. Busse, who acted as chairman called him a fighter and before his 20 minute address was over, his listeners agreed with Mr. Busse. Mr. Dempsey referred to service that President Hoover had given to the country. He said that the Home Land Bank which will only come into being Oct. 15; had been delayed many months by the tactics of Mr. Garner, democratic speaker of the house, and now candidate for vice president. Mr. Dempsey blamed the loss of thousands of homes to the delay that the Democratic organization had forced upon relief measures of the administration. He called it, "capitalizing on the misery of the people for Democratic campaign fuel."

Dr. Ross stated that 1273 people were slaughtered in Cook county last year by automobiles and that the coroner's office should become an office and organization for the benefit of the living in place of giving service merely to the dead. He held that the Coroner's office should take the lead in public safety and accident prevention.

Dr. Ross stated that the job of those present and others who realized the condition facing the country today is to go out and sell the Republican party to the American people.

Mr. Foster told the crowd that as far as he could see the Democratic candidates had not told the people a single thing that they have done to better conditions during the time that they have controlled congress. He said, "the Democrats are not promising you a thing that the Republicans have not already done. He urged those present to vote the Republican ticket straight and to urge all their friends to do likewise."

The mass meeting served to unite the Republican voters of the entire northwest towns under the banner, "vote the Republican ticket straight."

Active personal work is the program of the Republican organization in this district, whose leaders say that more and more voters are recognizing the real issues that are before the people of this country today.

HUNDREDS OF BARGAINS ARE OFFERED

Bargain Sales in all Stores Will Mean Big Savings to All Shoppers

Old Man Depression will get a set back in Arlington Heights Friday and Saturday of this week, when the merchants are combining in a Big Economy Sale. Big savings in all seasonal goods has been the aim of the business men who have searched their stocks and secured new seasonal goods, all to save money for the average family.

The dollar day plan was discarded as these are not dollar days in a whole lot of families of this community. A half dollar will go nearly as far as a dollar in the good old so called "dollar days" of yesterday. The woman who has a few half dollar pieces to spend and a long list of things needed, will find that the available cash will go a long way in covering the list of clothing and other things for the family together.

Frankly speaking this is a depression sale. Such bargains were never offered before Depression arrived and the low prices will aid many a family in keeping the door shut against empty cupboards, thin clothing and those household needs that are so useful during the colder days.

This paper is full of the bargains. We suggest that you mark the specials that especially appeal to you, bring your list with you to Arlington Heights and visit the stores whose announcements appear therein. It means that the independent merchants of Arlington Heights are uniting in "buys" for your benefit. You can buy easier in Arlington Heights than in the city stores; you buy cheaper and it costs you nothing but the gas to get here.

Watch for the stores displaying "Economy Day" signs.

This sale is for all northwestern Cook county as well as the rural communities within a radius of 20 miles.

Dorothy Landeck On 1932 All-State High School Chorus

Miss Dorothy Landeck of Mt. Prospect, a Senior in the A. H. T. H. S., has been selected as a member of the 1932 All-State chorus, which will be a feature of the State educational meeting Nov. 18, at the University of Illinois, Urbana.

The chorus is composed of two hundred outstanding high school vocalists, chosen from eight hundred applications sent in by the various schools of the state.

The selection of Miss Landeck comes as a very high honor, not only to herself, but also to the High School, as the chorus is limited in number and many schools must be disappointed.

This compliment to Miss Landeck's musical ability climaxes her four years as an outstanding high school singer in the local high school. She has been active in the glee club and the mixed chorus each year, and has attended three of the N. W. conference music festivals. The annual operetta has always found her in one of the leading roles, where she has performed admirably.

Mr. Donald Costain, the High School music director will coach Miss Landeck in preparation for the first rehearsal of this outstanding group Nov. 16, and states that it will be the aim of the school to place at least one member in the place each year—this being the first year of representation.

SCOUTS ENJOY HUGE RALLY DAY PROGRAM

Northwest Lads Meet at Deer Grove Camp in Annual Event

Over 150 scouts and leaders from the Northwest Suburban area attended the fourth annual fall rally at Camp EvanBoSo Saturday and Sunday and many opined that it was the most interesting rally of its kind ever held in the local area. The treasure hunt, making of the Totem Pole, and the Campfire program were outstanding features of the program.

It was exactly noon Saturday when the colors were raised on the camp flagpole with all the scouts present participating in the ceremonies. The first meal to be cooked out of doors was then prepared. At one o'clock a special class in map-making was instructed by Mr. John Bell of Barrington. This led up to the start of the big treasure hunt. Retreat ceremonies were conducted under the direction of Scoutmaster Burris Clear of Troop 21, Barrington, included an official inspection by Mr. T. M. Whitson, president of the Northwest Suburban Council, assisted by members of the Commissioners' Staff and Scout Executive Nintz. The evening meal, a period of outdoor games and the campfire concluded the day's activities. Immediately after breakfast Sunday the scouts of Catholic faith were taken to Barrington to mass. Rev. C. A. Drusel of Barrington conducted an unusually interesting Protestant service at the camp. The camp was thoroughly policed following the noon meal, the Totem Pole erected and the campers departed for their respective homes.

All Have Hand in Making Totem Pole
Nearly every scout and leader had some part in the making of the totem pole which was presented to the camp. As they completed their part of the work they signed their name to a large document reading as follows: "On this day, October 9th, 1932, the following Scouts and Scouters of the Northwest Suburban Council made and presented to the Evanston Council this totem pole as evidence of their desire to perpetuate the Spirit of Scouting." This document was then enclosed in a sealed glass jar and fastened in a portion of the pole that was put underground. The story of the symbols on the pole, as told by Scoutmaster George Minnibacher of Troop 9, Palatine, is as follows: "In the year 1932, the Northwest Suburban Council through friendly arrangements with the Evanston Council used Camp EvanBoSo for an overnight rally for the purpose of knowledge and fun."

What would you do if told to go in the direction of easiest traveling, or to go exactly one mile along the road? How would you follow your shadow if the sun was not shining? These were just a few of the problems that confronted the scouts participating in the treasure hunt which covered more than three miles of the Deer Grove Forest Preserve. The scouts proved their ability, however, and each one received a candied apple at the end of the trail.

Ghost Stories Solved at Campfire
A very interesting true ghost story told as only Mr. E. M. North of Des Plaines can tell them was the high spot of the campfire program. Songs, a fine stunt by Troop 9 of Palatine, harmonica music by Scout Robert McKinley of Troop 6, Des Plaines, and the awarding of the attendance banner to Troop 24 of St. Paul of the Cross parish of Park Ridge were other features. The handicraft which was carried on continuously under the supervision of Scoutmaster E. H. Stehman of Troop 1, Park Ridge, attracted many of the scouts. Leathercraft, Beadwork, Weaving, Birchbarkcraft and many others were offered.

The rally was under the direction of Field Scout Commissioner E. J. Anderson of Des Plaines.

PEPPERMINT STOPS AIR-SICKNESS

Peppermint has been discovered as the best cure for persons affected with air-sickness, while in the air. For this reason, most of the large passenger planes have peppermint machines at the side of each seat, so that at such time as the passenger may feel a bit dizzy, he may chew on a peppermint drop. While many persons taking their first air trip become sick, it is not generally the case, as some may be led to believe. Just because you feel dizzy and sick when atop a building, looking down, does not mean you will have the same feeling when riding in a plane. The human eye is very easily deceived, so that when you have no object between you and the ground, the feeling of height is practically eliminated.

Why Is It?
That's the question, why is it, that when you ask a friend of yours to go up in a plane, he says "Not me, I'm keeping one foot on the ground" and then he turns right around, jumps into his car, and drives down the road 60 or 70 miles an hour, weaving from side to side. I don't know what it is, but some day I'll drop over to some hospital and ask one of those one foot on the grounders, to give me their definition of safety.

V. F. W. Illinois Administration Have 2 Big Days at Elgin

The Department of Illinois Council of Administration meeting took place at Elgin, Illinois last Saturday at 4:00 p. m., at the G. A. R. hall, registration having taken place at the Fox Hotel, the same being used as V. F. W. headquarters. Two big days had been set aside purely for pleasure and was called what is known as the Department Pow Wow. This is a splendid way for our comrades and sisters from all sections of the state to meet in social discourse and become better acquainted. The committee in charge of the two day affair consisted of members of Watch City Post No. 1307 of Elgin, Ill.

A dance took place on Saturday night at the watch factory gymnasium, a spacious and beautiful hall decorated in red, white and blue, the color scheme being extended also to the large glass shades in the hall. The music was by Watch City Post No. 1307 String Orchestra and what splendid music it was. One of the features of the evening's entertainment was a tap dance given by the drummer.

The Grand Pup Tent of the Military Order of the Cooties of Illinois, (the funmakers of the V. F. W.) held their meeting in the V. F. W. Dugout at 11 1/2 N. Grove avenue, Elgin. This took place after the dance Saturday night. All dressed up in their red cootie hats trimmed with tassels and wearing white suits with a large red sash and broad red necktie and a large red and black cootie on the back of their shirt they made a very pretty spectacle.

A joint get-together of the Posts and Ladies' auxiliaries took place on Sunday morning at 10 a. m. at the G. A. R. hall. A banquet followed the session at the Y. W. C. A. at 1:30 p. m.

Commander E. Pohlman of Prospect Post No. 1337, V. F. W., accompanied by members of the post and ladies auxiliary, motored to Elgin Saturday where they joined in with the fun. Department Commander Henry F. Marquardt, made his appearance a few minutes late but this was explained when his car was left at Melrose Park. No accident, but it just refused to go further. But that did not keep the State Department Commander from getting on the job. He was Johnny on the spot, or should we say "Henry on the spot?" An affair of this kind was run along similar lines last April at Joliet, Ill., and had proved such a success that plans for running them at least twice a year have been looked forward to.

V. F. W. Auxiliary Elects New Officers

At the meeting of all representatives of the Auxiliary of Prospect Post No. 1337, the following officers were elected for the coming year: Mrs. Emma Holste, president; Mrs. Bumba, Sr. vice president; Mrs. Dora Schramm, Jr. vice president; Mrs. Dora Bencie, treasurer; Mrs. Martha Busse, conductress; Mrs. Amelia Flesch, chaplain; Mrs.

Frances Pohlmann, guard; Mrs. Edwin Wille, trustee.

Our annual Thanksgiving jelly drive was discussed and plans to visit the Elgin State hospital and deliver also the scrap books being made by the ladies, had also been referred to.

Our next meeting will take place Friday, Oct. 21, at 8 p. m. in the Community hall.

Big Tax Rise Can Be Prevented if Voters Consent

Urging voters to support the \$20,000,000 emergency relief bond issue which will be voted on at the election November 8, State-wide and Cook County relief bond issue committees have been appointed and are at work educating the voters on the provisions of this bond issue; the statewide committee headed by Earl Smith, president of the Illinois Agricultural Association, and the Cook county group is under the chairmanship of Fred W. Sargeant, president Chicago and North Western railway.

If the bond issue receives a majority of all votes cast for members of the General Assembly at the November 8 election, an increase of from 35 to 40 cents in the general revenue property tax rate will be averted. If the bond issue does not receive a majority of the votes cast, this increase in the tax rate will become automatically collectible in 1933, when the state general revenue tax rate will be from 74 to 79 cents per \$100 assessed valuation instead of 39 cents, which is the present rate.

The reason for this is that the members of the General Assembly voted a \$25,000,000 state tax levy last February. They did this so that the Illinois Emergency Relief Commission might sell state revenue notes in order to obtain funds that were needed for relief work in areas in the state, particularly Chicago, in which distress was acute.

At the session of the Illinois legislature for the week ending October 1, the county optional sales tax and Statewide Tax bills were advanced to second reading in the house. The county optional sales tax bill was defeated in the senate but the record of the vote was expunged and the measure remains

Mount Prospect Woman's Club Notes

The October meeting of the Mt. Prospect Woman's club was held on Tuesday afternoon of last week. Mrs. C. Pankonin, the Park Ridge School for Girls, chairman, obtained the state chairman, Mrs. L. Reeves, to talk on this project. Mrs. Reeves revealed many interesting facts regarding the school.

Mrs. Garth Jordan was accepted as a new member at this meeting and the president announced the appointment of Mrs. G. Andresen to Civil Service and Legislation chairman. This is a new department for the Mount Prospect club, but a very fitting one, inasmuch as Mrs. Andresen has had the honor of being appointed Civil Service chairman for the 7th District.

The club announces a bridge luncheon to be held on Tuesday, Oct. 18, at one o'clock, in the Community hall. This luncheon is for the purpose of making up the deficit on the decorating of the Community hall. Luncheon and cards will be thirty-five cents and anyone wishing to make reservations can do so by getting in touch with either Mrs. Weiss, or Mrs. Gehring.

Mrs. Lee and Mrs. Andresen, attended the District Board meeting at Independence Field house Monday morning of last week and in the afternoon were the guests of Mrs. Fayette Briggs of Arlington Heights at the Austin Woman's club, where they heard the Community Players of the Preston Bradley church.

Mrs. Lee and Mrs. Andresen, Hauptly, Ivers, Salzman, and Worley attended the Norwood Park Woman's Club Reciprocity program on Tuesday and enjoyed a very fine program.

On Thursday of last week, Mesdames Lee, Andresen, Hauptly, Ivers, Salzman, and Worley attended the 7th District fall meeting at the Mayfair Methodist church. This was an all day meeting.

On third reading. In its present form this bill applies only to Cook county. The house bill includes all counties in the state.

WHEELING

Miss Eleanor Metz spent several days of last week at Danville, Ill., where she attended a meeting of the Grand Chapter O. E. S. She found the meetings very interesting and the people of Danville very gracious hosts.

Mrs. Carrie Arnold and Miss Louisa Forke and Mr. Harold Forke have been away on a trip thru Michigan, Indiana and Kentucky.

Mrs. J. Bellmore, Sr., spent several days of last week in Chicago, where she visited her daughter, Mrs. John Carter, who gave birth to an infant son on Monday, Oct. 3. We are glad to note that the mother and child are doing quite well.

The Vol. Fire Department was called out last Thursday evening when a garage on Milwaukee avenue, several miles north of Wheeling, was destroyed by fire. The nature of the fire made it impossible to save the building and efforts were confined to prevent the spreading of the fire to other buildings.

Mrs. Victor Haben underwent an operation at Highland Park hospital last Wednesday and we are glad to learn that she is doing nicely.

Mrs. Geo. Kehle of Glenview passed away at the Wheeling hospital last Thursday. Mrs. Kehle was an elderly person aged 80 years and had suffered a fall at her home in Glenview several weeks before in which she had fractured several ribs and broken her hip bone.

The Kurz family from Deerfield have moved into the Stryker residence.

The P. T. A. are mailing invitations for a benefit dance to be held at the Union Hotel Saturday evening, Oct. 22. The music will be furnished by the Dixie Hay Shakers. Dancing will begin at 8 p. m. and continue until 12 p. m. Admission will be \$1.00 per couple. The proceeds of the dance will assist in the support of the school kitchen which opened its second year of service to the children on Oct. 3. In this way children who must remain at school for lunch can obtain a hot dish and a dessert at a nominal fee and those who cannot pay are served free. If you are interested in attending this dance and failed to receive an invitation, make your wishes known to some member of the P. T. A.

REAL ESTATE NEWS

LAND VALUE

The value of a home on good fertile land affords to us more than a tool of production as it means savings, home, and a base of credits.

Ownership of land gives us a prestige in our Community and for that very reason, is sought by everyone, and with intensive tilling you will not merely have a home, but also increase your land value as well as receive increased profit from proper cultivation, hard work, and ability to manage.

A correction ought to be made, however, for the ability of the land owner. Good management will bring out possibilities that a poor manager might overlook, and therefore the value of his property, while the latter's value may shrink.

Of course, the facilities of marketing ought to be taken into consideration. But as values of land deal on solely depending a great deal on closely located markets, there should be an allowance for increased distance from the market. Therefore a careful examination of homesteads, that are being offered, should be made.

In summing up all items which add to the value of such property, you must admit that it is important to find such property that will include all possibilities to make an ideal place to live and enjoy.

Herewith we offer some of the choicest property, that we can sell at great reduced prices. A call at our office will enlighten you of the above facts.

New Low Prices on G. E. Refrigerator

Formal announcement of a new low-priced companion electric refrigerator to the General Electric Monitor Top was made this week by the local dealer for General Electric refrigerators here. The new refrigerator, which will bear the same, General Electric Junior, and the same mark of the General Electric Co., will be offered in three sizes, 4 cubic feet capacity, 5 cubic feet and 7 cubic feet. The 5 foot model will sell for a list price of \$147. The other two models will be correspondingly low in price.

"Five years of field experience in all parts of the world has proved beyond doubt that the Monitor Top is the highest quality, most efficient and most dependable electric refrigeration mechanism ever manufactured," says Mr. Peterson, the distributor. "The new General Electric Junior has been placed on the market for those who want low-priced, yet efficient refrigeration; for those who value low prices above years of unflinching service." "Users of the Monitor Top refrigerator are protected by the four-year plan. The new conventional model carries the refrigeration industry's standard one-year guarantee and we believe that the new machine will provide refrigeration service superior to that of the ordinary conventional machine."

ARL. HEIGHTS CHAPTER O. E. S. CARD PARTY WELL ATTENDED

The state of Illinois will be ready for the opening of the Illinois waterway on November 15, if the federal government should complete its work by that time. Henry H. Kohn, director of the state department of purchases and construction has announced. While all the bridges to be built by the state have not been completed, Mr. Kohn stated, the construction of those yet to be erected will be so arranged as not to interfere with barge traffic.

The ballot this year, to be certified by the secretary of state, will be practically the same width as four years ago but will be curtailed in length, because of a new law, which eliminates the names of the twenty-nine presidential electors.

In their stead the names of candidates for president and vice president of the respective parties will be printed. In other words, a vote for the candidates direct is a vote for each of the electors nominated at the state conventions.

Merle Guild Post News

Election

The annual election of officers took place at our last meeting on Tuesday, Oct. 11; the following were elected to office with no competition:

Officers

Commander, William Bockmeyer. Senior Vice Commander, Stewart Alden. Junior Vice Commander, M. H. Brown. Adjutant, Victor Pecchia. Finance Officer, Clarence Stadler. Chaplain, Paul Williams. Sergeant at Arms, Joe Schuepfer.

Executive Committee: George Davidson, J. Wilson, Ralph Salisbury, Leslie Moodie. Cook County Delegate: George D. Davidson.

District Delegate: William C. Bockmeyer.

The post is to be congratulated on electing these officers. All of them have been hard workers in the past year and Bill Bockmeyer is out to beat George Davidson's record of raising the membership about 30 per cent, which is some record. If it can be done Bill will do it.

There will be an open meeting of the Drum and bugle corps next

Tuesday, October 18 at 7:45 p. m. at the club house. At the present time we have about 25 members in the corps and our corps commander would like to see this go up to about 40. How about you coming out that night? Remember the showing we made at Danville and at the Legion Air Meet at Sky Harbor. We need a few new buglers; the proportion in any corps should run about two bugles to one drum. We want a well proportioned corps and are looking to you, comrades, who are not now members of the corps to come out and try your luck on the bugles.

We are running an Armistice Day dance this year—don't forget

This Woman Lost 45 Pounds of Fat

"Dear Sirs: For 3 months I've been using your salts and am very much pleased with results. I've lost 45 lbs., 6 inches in hips and bust measure. I've taken 3 bottles—one lasting 5 weeks. I had often tried to reduce by dieting but never could keep it up, but by cutting down and taking Kruschen I've had splendid results. I highly recommend it to my friends."—Mrs. Carl Wilson, Mantion, Mich.

To lose fat SAFELY and IRREVERSIBLY, take a half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast—don't miss a morning. To hasten results go light on fatty meats, potatoes, cream and pastries—a bottle that lasts 4 weeks costs but a trifle—but don't take chances—be sure it's Kruschen—your health comes first—get it at Perle B. Wendt or any drugstore in America. If not joyfully satisfied after the first bottle—money back.

to boost it all you can and be sure to be there. Les Moodie saw to it that we had a swell time last year, and says this year we will have a better time.

Don't forget to come to the next meeting, Tuesday, Oct. 25.

Registration for the fall term at the Urbana departments of the University of Illinois has reached 9,263, G. P. Tuttle, registrar, has announced. These figures indicate a drop of approximately 12 per cent in the enrollment, a comparison with the same period a year ago when 10,525 students had enrolled at the end of the first week.

The so-called gateway amendment, providing for an amendment to the constitution permitting the

submission of three proposed changes to the constitution, instead of one, as at present, will be voted on at the general election in November, in compliance with a recent act of the general assembly. The amendment will be printed to the left of the official ballot.

Mr. and Mrs. Pecchia entertained

Mr. and Mrs. Walter Boireau at dinner Wednesday evening. Mr. and Mrs. Boireau are leaving Saturday. We shall miss them much in the various community activities but our best wishes go with them.

Saturday afternoon Mrs. C. I. Davis entertained ten little folks in honor of her daughter, Helen's sixth birthday. Being a very wise mother, she varied the usual custom of serving afternoon refreshments and had the children to a five o'clock supper. The children had a merry time playing games until the call for supper. The chief attraction there, of course, was the birthday cake with its six glowing candles.

CLUB NOTES

The Woman's club met Wednesday last week, Oct. 5, in the M. E. church parlors, the new president, Mrs. Eugene Heller, in the chair.

After the reading and acceptance of secretary's and treasurer's reports, call for committee reports, and other routine business, the singing by the club of "America" and flag salute, the program was opened with singing by Mrs. Eugene Owen Tingley, a relative of Mrs. Jarvis, who has a charming voice of clear, wonderful tones. She was so generous, too, giving several songs. One could never tire of her really musical singing pleasingly accompanied by Isabelle Heide.

Mrs. W. J. Hausman, who is always versatile, gave readings interspersed with talk on varied themes. The chairman of the Music committee, Mrs. Manz, announced that

the chorus, of about 25 members, under the direction of Mrs. Mitzlaff, are now rehearsing for an operetta—something to anticipate with pleasure.

The Refreshment committee, in the absence of Miss Heller, was ably led by Mrs. Kopplin; and you may be sure this committee never fails in providing the choicest to suit club women's taste.

The next regular meeting will be given October 19. Mrs. Mary L. Berkmeier gives an address; music, club chorus.

The club is busy planning an autumn dinner party to be given October 26; speaker to be announced; studio singers.

MILK PRODUCERS
HOLD BIG MEET
AFTER BOMBING

A mass meeting of Milk producers was held at Elkhorn, Wisconsin Saturday evening, Oct. 8, as a result of the bombing of the Burlington milk plant Oct. 6.

Called to acquaint all southern Wisconsin milk shippers with the problems pertaining to marketing of fluid milk in Chicago, the meeting brought out thousands of farmers. The Municipal hall, which seats 750, was packed. The overflow crowd was stationed in the park across from the hall where they listened to the addresses by means of an amplifying system.

Don Geyer, manager of the Pure Milk association, gave an address in which he related in detail the association's history, purpose, and accomplishments, and then told of the difficulties now being experienced in the sale of milk. He pointed out that the Pure Milk Products cooperative was organized by the Pure Milk association. If all dairymen with Chicago permits would support the Pure Milk Products cooperative, then an organization equal in strength to the Pure Milk association could be maintained to the mutual benefit of all producers. Perhaps, commented Mr. Geyer, what is needed today is to reorganize the horse-horshie organization so that when the "line-call" comes, every man would be ready to do his part.

Mr. Geyer warned the farmers that the bombing of the Burlington Plant was a challenge to Agriculture from gangdom and declared that he did not believe Agriculture would tolerate such a situation when the facts were exposed. Talks were also made by Mr. Orchard and Mr. Witte, of the State Department of Markets, Madison, Wisconsin.

The Rutledge Tavern, replica of the timber hostelry where the youthful Abraham Lincoln met and wooed Ann Rutledge more than three quarters of a century ago in New Salem, will be one of the Lincoln replicas on the Midway of A Century of Progress, Chicago's 1933 World's Fair.

LIBERTYVILLE MEETS LEYDEN THIS WEEK

With the Northwest conference football schedule approximately half over, the issue of the championship is far from settled. Libertyville with the likeliest looking bunch of boys in recent years, has not as yet played a conference game, but are scheduled to start against Leyden this coming Friday. This set to may develop into one of the classics of the season, but it is doubtful if Leyden can show enough strength to remain in the game long. Libertyville in her defeats of Evanston and Woodstock showed a better balanced team than in recent years, with little to choose between them and Wheaton last Friday night.

Arlington and Leyden who are leading the conference to date, have yet to hook up with a formidable foe. Arlington's team shows the lack of the two weeks practice and extra game the other schools have had, due to her late opening. When the two met in the scoreless tie last week neither seemed to have the punch necessary to a real winning eleven.

Arlington tackles Libertyville the week following the Leyden Wildcats game and will undoubtedly go the way Coach Watson's boys are likely to go. Buried under an avalanche of touchdowns.

At this point in the season we predict Warren's team to be the surprise of the rest of the schedule. Her upset by Barrington was entirely unexpected and in most of their games they look to be the next best team to Libertyville.

Barrington has had her team shot to pieces by injuries and if Coach Clark ever gets his full strength back in the game he will win some games.

Bensenville and Antioch are about of a par and are not far below the others in the ranking with good chances to win any of their remaining games.

Palatine is simply outclassed. The boys have played hard but have too many green men to get anywhere. They have improved in every game and may spring a big surprise before the season is over.

Warren Defeats

Antioch 14 to 6

Warren took some of the joy out of the Antioch air attractions Oct. 8, by winning 14 to 6. The game was played on the new temporary field east of the high school. The new permanent field has been leveled and seeded.

Neither team was able to gain consistently. Warren showed a little more experience and smartness by taking advantage of the wind. They punted with the wind in the first and third quarters and waited for the breaks which netted one touchdown in each of these quarters. Antioch did not wake up till the fourth quarter when they counted their points.

Arlington Battle To Scoreless Tie With Leyden

After four quarters of somewhat inconsistent and rather spotty football, Arlington and Leyden left the Leyden field without either end zone having been invaded.

Arlington had trouble in functioning properly and effectively. There was a waiting game—waiting for the breaks which never became very evident. The first half was almost entirely devoted to kicking. The Cardinals took no more than a half dozen thrusts at the Leyden line. The first half found Leyden comparatively successful offensively. However, they were not too successful, as is evidenced by their failure to score. Leyden's passing met with unusual success during this period. Its success might be attributed to Arlington's defensive weakness, but credit where credit is due—Burrill was no slouch in this department.

The second half convinced the spectators that their twenty-five cent investment had been justified. Arlington kicked to Leyden with the wind at their backs. After a few exchanges of punts, Arlington got the only break they were to get in this ball game, only to mess it up. On the third down, deep in Leyden's territory, the ball sailed high, wide and handsome over the Leyden kicker's outstretched hands. However, Leyden recovered, and kicked out.

The success of Leyden's passes continued unabated. In the final quarter, Leyden succeeded in easing into scoring position three times. The first effort was deserved, being a result of long, accurate passes. The other was somewhat of a gift, (being a Boonesville punt). The third was again the result of a pass, which found the Arlington backs, pondering over economic stress and speculating as to Hoover's reelection. However, hard as Leyden tried to score Arlington refused to budge. Arlington's line, when the occasion demanded, showed real defensive strength, and Leyden resorted to three futile attempts to score via the place kick route.

When attempted, Arlington's running plays showed promise. Arlington completed many a pass, having tried none. Arlington suffered many penalties, some of which called back substantial gains by Koelling and Hauff, who stood out, both on offense and defense for the Cardinals.

The edge in play must go to Leyden, but as this game differs somewhat from the game of horseshoes, the edge meant nothing.

The high lights of the game were the superb playing of Arlington's line led by some heroic work by captain Wilke in times of stress, and the marvelous marksmanship displayed by Burrill in tossing the gigskin 40 and 50 yards to complete his four passes.

PALATINE RALLY FALLS SHORT 13-7

Koski's Long Runs Give
Bensenville Early Lead
of 13 to 0

After offering little opposition to Bensenville in the first half Palatine made a sensational comeback to outplay the visitors but could not avert a 13-7 defeat in their game here Friday. Palatine played both their best and their poorest ball of the season in this game.

The visitors swept through the Pirate defense at will in the first half. Bensenville started out with four first downs in a row which carried them from their own 30 yard line to Palatine's seven yard marker before they lost the ball on downs. Hahnfeldt punted short to the 25 yard line and eight plays later Koski went over for the first touchdown. The try for point failed.

In the second period Bensenville manufactured their second counter in short order when they traveled from their own 17 yard line to the Palatine goal in just four plays. Koski started it by circling Palatine's right end for 33 yards. On the next play Koski fumbled but recovered and when surrounded by Palatine players slipped away for a 32 yard run. At least six players attempted to tackle the Bensenville flash but missed their mark. The third play was an eight yard pass and on the fourth Koski ran ten yards for the touchdown. The pass from center for the place kick was fumbled so Kouzmanoff elected to run with the ball and was successful around Palatine's right end for the point.

Palatine seemed to change from a weak indifferent team to a fighting aggregation at once when the second half. It was Marty Philbin who played the leading role for the Pirates throughout the game and figured prominently in the Palatine touchdown which came early in the third period. Philbin's pass to Haldeman for 26 yards was the start. Philbin continued the good work by a pretty run around Bensenville's right end for 24 yards, placing the ball in position for Thompson to plunge over for the touchdown and shortly after for the additional point.

With Thompson battering the line Palatine started another drive but lost the ball on the Bensenville 24 yard line. Koski then put on another of his end runs and aided by two forward passes took the ball all the way to Palatine's eight yard line before the Pirates held for downs. Thompson booted a 50 yard punt but Bensenville returned it to the 35 yard line. After several incomplete passes the visitors punted and downed the ball on Palatine's one yard line. Thompson's punt had poor direction and went out of bounds on the 17 yard line. Bensenville hit the line for a first down but a 15 yard penalty prevented a score and then intercepted a pass on the 15 yard line.

Palatine at once made another serious scoring threat when Reuse passed to Philbin for a 35 yard gain and followed with another for ten yards but Bensenville finally halted the Pirate march on the 17 yard line. The game ended as Bensenville reeled off a 20 yard end run.

Palatine made the best total yardage of any game thus far with 171 of which 71 were gained on three passes. Bensenville gained 224 yards of which 44 were on four completed passes. Bensenville's fourteen first downs were all gained on passes and end runs. Palatine's punting was superior with Thompson getting off three kicks of over 40 yards each in the second half to bring the average to 32.5 for eight punts.

Substitutions for Palatine: Schmidt for Hahnfeldt, Dreher for Haldeman; Haldeman for Langhorst, Tudyman for DePue.

Touchdowns: Koski, 2; Thompson.

Points after touchdown: Koski.

RURAL STUDENTS FAVOR PALATINE

Fifty-four Students from
Rural Districts At-
tend P.T.H.S.

By ROBERT CORRIGAN

That Palatine High School ranks first in the estimation of many students from rural schools is shown by the large enrollment for this year. Fifty-four scholars from Cook county and Lake county showed their partiality by enlisting in this modern school. Fifty-two of this number are from Cook county and the other two from Lake county. These fifty-four students constitute nearly one-fourth of the entire enrollment of Palatine High school for the current term.

And still our enrollment from non-high school territory is not yet complete. Eight more pupils are expected to enter here within a short time—six from Schaumburg township and two from Barrington. The selection made by these students, who come from other counties and townships to enjoy the privileges this modern school affords, indicates the high standing and popularity of our school.

Pirates Meet Bronchos

Palatine takes on one of their strongest gridiron foes Friday when they journey to Barrington to meet the Clark coached eleven. Barrington defeated Warren in an impressive manner and held the heavy and experienced Leyden eleven to a 12-6 count in conference games to date. They are expected to have altogether too much class for the Pirates.

If the Palatine boys play the heads up football of which they are capable Barrington will have plenty of trouble disposing of them Friday. If some of them do not show more fight than they did in the first half of the Bensenville game, it will be a track meet for the Bronchos. The Palatine coaches and student body are not so much interested in the football scores as they are in whether their team plays its best and shows a will to win. Football and other sports have much to offer but contestants can derive few benefits unless they put their best efforts into their playing.

Webster's Qualities
I thank God that if I am gifted with little of the spirit which is said to be able to raise mortals to the skies, I have yet none, as I trust, of that other spirit, which would drag angels down.—Daniel Webster.

Arlington Heights Takes Opener 13-0

The Arlington Heights town football team were triumphant over Schiller Park. On a wet field in a very light rain, the game was played with a good number of fans, considering the weather.

Arlington Heights seemed to click great on defense, but Coach

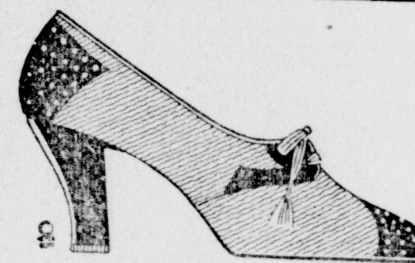

Megel finds a lot of faults to correct, and perhaps next Sunday will see a greatly improved team.

Some of the regulars were out of the game last Sunday, but they will be seen in action against the Des Plaines Elks at Des Plaines next Sunday.

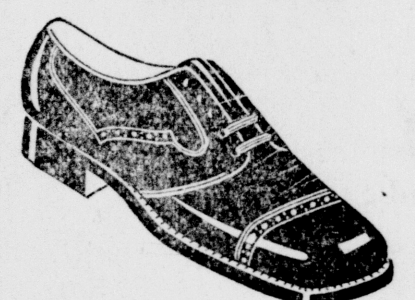

The game is called for 2:30 p. m. and Arlington is out to win again. Lets all go to Des Plaines and help the local boys win next Sunday.
